SUMMARY

Web developer with experience building backend-heavy applications using Node.js, Express, MongoDB, and PostgreSQL. Have worked on real projects including a digital payment wallet, an event-driven microservices system, and e-commerce platforms — handling everything from REST APIs and authentication to cloud storage and containerization with Docker.

TECHNICAL SKILLS

Languages: JavaScript, C#, HTML5, CSS3, SQL

Database: MongoDB, MySQL, SQL Server, Postgres, Redis

Frontend: React, EJS, Bootstrap

Tools: Git, GitHub, VS Code, Postman, npm,

Backend: Node.js, Express.js, ASP.NET, REST API,

Cloud / DevOps: Docker, Apache Kafka, Azure cloud service

Auth: JWT, Google OAuth, Session Auth, bcrypt

Payment-Gateway: Razorpay

PROJECTS

DestiNova — Air Ticket Booking System

github.com/Sah-Ashok/Air-Ticket-Booking

Node.js · Express · MongoDB · EJS · Nodemailer · bcrypt · Session Auth · SMTP

- Built a full-stack flight booking platform with smart fare calendar, multi-passenger support, and seat selection.
- Implemented interactive seat maps, real-time flight tracking, and automated email notifications.
- Developed a complete admin dashboard for flight and booking management with secure authentication.

FurniCraft — E-Commerce Furniture Store

github.com/Sah-Ashok

Node.js · Express · MongoDB · Azure Blob Storage · Google OAuth · JWT · Multer · SMTP · Redis

- Developed a full-featured e-commerce platform with cart, wishlist, orders, and product management.
- Integrated Azure Blob Storage for image uploads, Google OAuth for social login, and rate limiting.

ZenoPay — Digital Payment Wallet

github.com/Sah-Ashok/ZenoPay

Node.js · Express · MongoDB · Azure Blob · QRCode · Nodemailer · EJS · SMTP

- Built a digital banking app with money transfers, merchant management, and transaction history.
- Implemented QR code generation for instant payments, push notifications, and profile management.

Microservice-Project — Event-Driven E-Commerce

github.com/Sah-Ashok

Apache Kafka · Docker · Node.js · MySQL · Docker Compose · Microservices

- Designed an event-driven microservices system with separate Product, Order, and Payment services.
- Containerized all services with Docker and orchestrated via Docker Compose; Kafka for async messaging.

Exploria — Tours & Travels Booking System

github.com/Sah-Ashok/Web_Project_Tours

ASP.NET Web Forms · C# · SQL Server · ADO.NET · Tailwind CSS · Razorpay · SMTP

- Built a full-stack travel booking system with destination browsing, trip booking, and user profile management.
- Integrated Razorpay payment gateway with a full refundable booking system and payment verification.
- Implemented admin panel for destination CRUD, user management, and email-based password recovery.

EDUCATION

Bachelor of Computer Applications (BCA)

RK University, Rajkot, Gujarat

2023 – 2026

CGPA: 8.5 / 10

Higher Secondary (12th Standard) — Science

City Comp PU College, Bangalore, Karnataka

2021 – 2023

53.33%

Secondary Education (10th / SEE)

Nepal Rastriya Phul Kumari Mahato Ma Vi, Bandipur, Nepal

Completed 2021

GPA: 2.90 / 4.00

LANGUAGES

Hindi — Fluent | **English** — Fluent | **Nepali** — Native
